

## A Message to Our Community

For more than 30 years, Hosanna House and our staff have stood up for the voiceless in our community, and today we continue to stand. Our hearts go out, and our prayers go up for the Floyd, Arbery, Taylor and Rose families and all others who have had to experience the unfair treatment associated with being judged by the color of their skin and not the full content of their character. This is a monumental time in the world, and Hosanna House is united with you as we work to be better for this generation and the next.

We will continue to pray for the families.

We will continue to petition for justice for all.

And, we will continue to be a part of the solution.
